

The table below lists the main regulatory topics that can be included in the Registrant Competence Assessment in the left-hand column. In the right-hand column are the associated *core* and *additional* resources. Core resources would be considered essential to review. Additional resources are not essential but could help registrants to understand the topic. Previous Annual Self Reports (ASR) are also useful resources because they include answers and explanations for specific questions. The ASR from 2012-2014 can be accessed on the College website: <http://cptbc.org/quality-assurance-program/annual-self-report/>

REGULATORY TOPIC	
Adherence to Acts and CPTBC Bylaws, including:	Core and Additional Resources
<i>Health Professions Act (Physical Therapists Regulation)</i>	Core: http://www.bclaws.ca/EPLibraries/bclaws_new/document/ID/free-side/288_2008
